NOTE

The Stumpp book, "The Emigration from Germany to Russia in the Years 1763-1862" contains starting on page 577 the published version of this same census. It should be noted that this file only contains the first approximately 1/3 of the census, as that is all that is included on this film. If we later discover the rest of this particular census on another DAI film or some place else we will update this file to include any new found information.

It should also be noted, that the researcher that uses this files data while also using the Stumpp book will gain more insight into this information than the person who uses only one or the other.
