

Diocese of Tiraspol Roman Catholic Church Death Records, 1865 to 1880.

SELZ, Kutschurgan, Odessa

Background: For a brief period of time in 2017, the Reading Room policies of the Russian State Archives in Saratov allowed users to copy pages with their cell phones. A research group in Germany arranged for an associate to visit the Reading Room in Saratov and to begin copying all the Catholic Church records for the Diocese of Tiraspol. The death records for ALL of the Catholic Parishes of the Diocese of Tiraspol for the years 1865, 1866, 1869, 1870, 1872, 1873, 1878, 1879, and 1880 were copied by cell-phone camera before the policy was changed. And so the project ended before it had hardly begun. (Many of these parishes fall outside of the normal research scope of the Black Sea Germans.)

One thousand, three hundred and eight (1308) death records were recorded in the Selz Roman Catholic Parish in the years indicated, and are indexed by year in the following pages. A special thanks to **Niko Heinz, Svetlana Kostenko and Matt Klee** for their help indexing and proofing these records. These death records list the maiden names of the wives and the mothers, and also the surviving children of any adults who died. This information will help Kutschurgan researchers add to the existing family groupings Selz.
