

**From plat maps, 1939-1944**  
**Sources: Peter Heier, Peter Mock**  
**Contributed by Pius Waldman**

Note: The following persons usually were just the head of the household. Their wives, children and other people living in the same house are not included in this list. In the later years of the village there was often more than one family living in a house.

Allow for spelling errors in translation and transcription. Also, there are frequently multiples of the same name, a common practice among families.
