[Translator's Note: The following information is taken from a file folder of DAI (Deutsches Ausland-Institut) documents captured in Germany during World War II which contains documents dealing with ethnic Germans from Russia between 1940 and 1941. As ethnic Germans from the East were brought to Germany, they stayed in transition camps, awaiting assignment to where they would be sent to live. This document lists the location & names of Wuerttemberg/Hohenzollern transition camps and the number of ethnic Germans occupying each camp site.]
